WIRING DEVICES

CAPTIVATING LOOKS AND INNOVATIVE FEATURES

Electrical fittings and equipment animate our spaces; with lifestyle options, comfort, and modern conveniences. They define our interactions with our environment, and enhance the aesthetics of built spaces. For a modern home or office to truly represent the finest in what contemporary life has to offer, wiring devices must be elegantly intuitive to use, while also being striking accessories in their own right.

The Impact by Honeywell range of wiring devices excels in both these roles, delivering full-featured functionality and safety at budget-friendly prices that delight customers. These outstanding wiring devices are packed with the latest innovative technologies; while embodying in-vogue, sleek modern stylings, that make a statement.

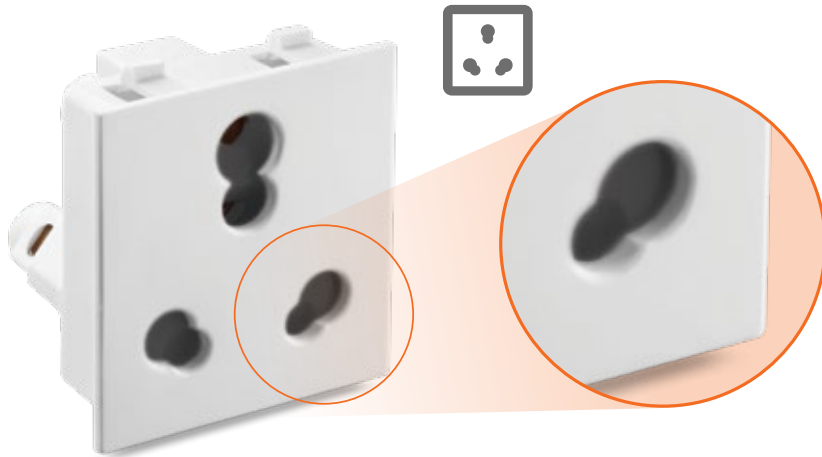

WIRING DEVICES

KEY FEATURES

ISI Certified

Synonymous with trustworthiness and compliance to standards, the ISI certification on IMPACT by Honeywell Wiring Devices confirms their reliability; as well as the attention to detail that defines them.

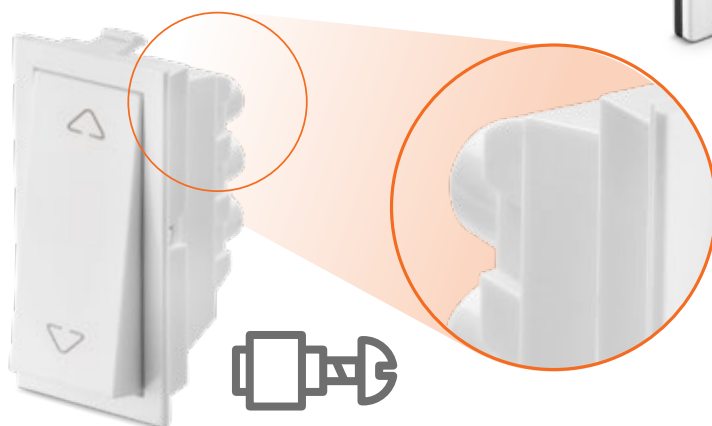

Enhanced Safety with Shuttered Sockets

The shuttered sockets of IMPACT by Honeywell Wiring Devices allow pencil free operations, and dramatically reduce the chances of accidents, whether caused by naughty toddlers or distracted adults.

Switches that Last

As your most used control mechanism, switches need to be built for endurance. The Impact by Honeywell Wiring Devices range features switches that are tested to ensure they can last up to 1 lakh operations.

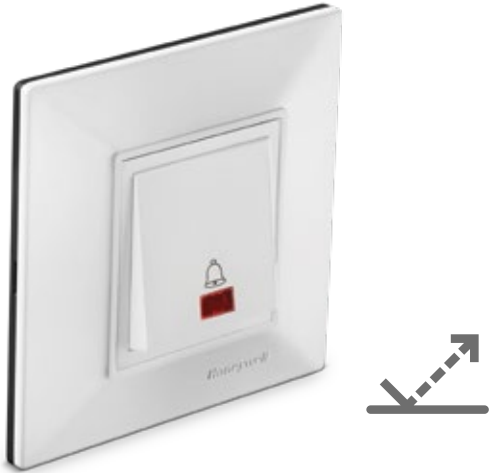

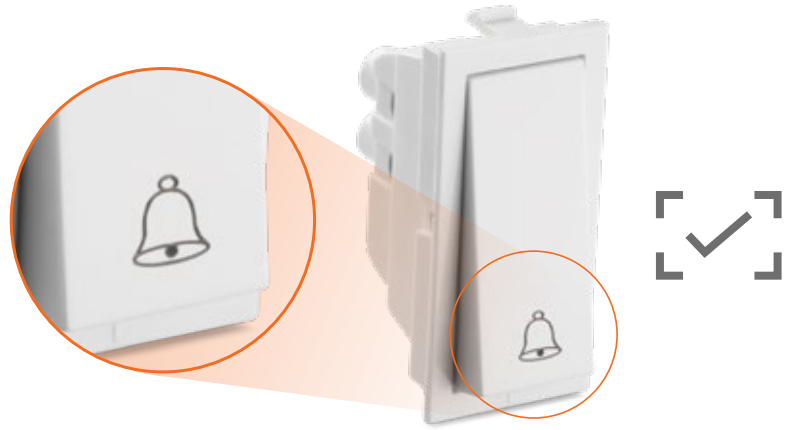

IP20 Screw Terminals

IMPACT by Honeywell Wiring Devices are equipped with IP20 screw terminals, protected from objects greater than 12 mm.

Laser Printed Markings

All markings on the IMPACT by Honeywell Wiring Devices range are laser printed; to withstand the elements and frequent use, with no change in appearance.

UV Stabilized

Designed to withstand years of exposure to direct sunlight, the IMPACT by Honeywell Wiring Devices range features UV stabilized finishes, for captivating good looks that last.

Chrome Highlights on Front Plates

The convenience and performance standards delivered by IMPACT by Honeywell Wiring Devices didn't come at the cost of aesthetics and visual trimmings. Our Front Plates are available both with, and without, chrome lining.

RoHS Compliant

The RoHS compliance of the IMPACT by Honeywell Wiring Devices range confirms that each product has been tested to ensure that banned substances - including Cadmium, Lead, Hexavalent Chromium, and more - cannot cause user toxicity.
